

Yearly Newsletter

NEWSLETTER

19th Issue :
April 2020 to March 2021
(For Internal Use)

From the desk of Director/Admin., PSTCL, Patiala Vaccination Lagana Hai... Covid Bhagana Hai...

It gives me immense pleasure to share my views on the occasion of the release of 19th yearly Newsletter of PSTCL.

With the aim to maintain PSTCL, a responsive, vibrant, reliable, efficient & employee friendly organization, we all are putting our continuous efforts for the betterment. In this present pandemic situation technological advancement have proved to be a boon for everyone and PSTCL is also growing by leaps and boundaries by optimizing their technical skills and switching to the new era of automation of Grids initially at Dhuri. Apart from this remote operation of 220 KV Lalru, 220 KV Dera Bassi, 220 KV Kharar and 220 KV Mohali-2 is achieved from 220 KV Mohali-1 through Sub-station automation. The strenuous effort of all officers and officials of PSTCL are taking this organization to new horizons and I am extremely thankful for their contribution in creating a positive work environment.

Carrier progression is the responsibility of Management, keeping it in mind, to boost the morale of employees every possible effort has been made for maximum promotion of various cadres. To overcome shortage of manpower in PSTCL, recruitment process of about 1000 employees approximately of various categories has been initiated and we are at the advance stage of completion of Recruitment.

PSTCL has 171 Nos. of Substations, out of which 5 Nos. are 400 kV, 101 Nos. are 220 kV & 65 Nos. are 132 kV. Our most competent teams are continuously looking and working rigorously for the Protection, Operation & Maintenance of all these Sub Stations. Besides this, PSTCL teams also maintains 38167.67 MVA of transformer capacity and 125581.191 Ckt-kms of transmission line 24x7 to match PSTCL's vision, mission & core values.

Covid-19 remained very grim during the year and PSTCL has played an important role by organizing vaccination camps to contain the disease and I feel very happy to announce here that majority of our employees have completed with both the Dozes of vaccination.

I take the opportunity to thank all the unsung heroes, corona warriors and their family members for their courage for serving the organization and I convey my warm regards and best wishes to all the employees of PSTCL and their family members.

CA. Sanjeev Kumar Sharma
Director/Administration

What to expect when getting a vaccine

1. Medical professionals will advise on whether or not you should receive the vaccine.

2. A health worker will administer the vaccine.

3. You may need to wait for a few minutes before leaving to ensure there are no unexpected reactions.

Yearly Progress of PSTCL (01.04.2020 to 31.03.2021)

Thoughts

- Reading is to the mind, what exercise is to the body.
- A room without books is a body without soul.
- They serve God well, who serve His creatures.
- Fortune favors the brave.
- A man's best friends are his ten fingers.
- Many receive advice, only the wise profit from it.
- A sound mind lives in a sound body.
- Silence is one of the great art of conversation.
- Laughter is a tranquilizer without side effects.
