Subject: To maintain Law & order at PSTCL Substations.

Dear

PSTCL/PSPCL Employees of Joint Forum Union are on strike/mass casual leave which includes technical staff posted at Grid Substation employees (Substations attendant), Lineman, ALM etc. In order to ensure 24x7 power supply, PSTCL management has deputed Junior Engineers and Engineer Officers at substations. However it has been reported by these officials/officers that the Joint Forum Union employees on strike/mass casual leave are forcefully entering the substation control rooms and are forcing the officials/engineers on duty to leave the substation.

In large public interest, it is requested to intervene and impart the necessary directions to concerned SSPs to depute police personnel at substations to maintain law & order and to avoid manhandling of staff or any other untoward incident.

Matter most urgent please.

Yours Sincerely

Sanjeev Kumar Sharma
