To

Jt. CAO/Finance,
PSTCL, Patiala.

Memo no. 676

Dated: 10/3/21

Sub: Regarding queries raised by Hon'ble PSERC in meeting held on dated 22.2.2021.

Ref: Your office email dated 2.3.2021.

It is clarified that earlier (up to Nov. 2019) railway was consumer of PSPCL and energy is fed from PSTCL Substations. Accordingly, railway was considered as PSTCL-PSPCL Boundary point under Independent feeders of PSTCL. During calculation of energy of railway from April 2019 to March 2020 energy was booked to PSPCL instead of period April 2019-Nov. 2019. So, the Open Access energy from period Nov. 2019 to March 2020 (86.24 MUs) is required to be deducted from PSTCL Output energy (49355MUs).

This is for your information and further necessary actions please.

Chief Engineer/SLDC,
PSTCL, Ablowal, Patiala
